

CONTENTS

MATHEMATICS

BLYUMIN S.L. Cauchy problem for general systems	3
KALITVIN A.S. On linear operators with partial integrals in the spaces of symmetric and antisymmetric functions	9
TJURIN V.M. Of commutator estimate for linear differential operator in Besov spaces	14

PHYSICS

VLASOV A.N., FILIPPOV V.V. Method of measurement conductivity two-layer semiconductor wafers and films	22
ERMAKOVICH K.K. Electron paramagnetic resonance «orthorhombic» $s_{7/2}$ – ions	27
ZAVOROTNIY A.A., POLYAKOV N.N. Mathematical and computer models of spreading resistance to non-isotropic semiconductor plates and films	34
FILIPPOV V.V., ZAVOROTNY A.A. Simulation of electronic properties filled metal silicon nanotubes	42

NATURAL SCIENCE

BONDAREV V.V. The relative characteristics of level of some hormones of a thyroid gland among the population of the Tambov area living in areas, polluted by radio nuclides.....	49
BURYAKOV S.V., MALYSHEVA E.V., GULIN A.V. The maintenance of cations of cadmium in blood of women Lipetsk	53
ZAGUMENNOVA O.N., MALYSHEV E.V., GULIN A.V. Studying of humoral factors of immunity in inhabitants treated to chronic action of radiation	56
MOSKALENKO A.I., SHAPKIN YU.V., BOEVA A.V. Acylating of 3-substituted 3-azabicyclo-[3.3.1]nonan-9-amines	63
MOSKALENKO A.I., BOEVA A.V. Reaction of acetyl- and 1,1'-diacetylferrocene with isatin (Pfitzinger reaction)	66
PETKEVICH A.I., LJULKO O.M., VONARSHENKO O.V. The ways of implementation of the state program on the preservation of health	70
SAMAROV V.V., GULIN A.V. Peculiarities of students' adaptation from South - East Asia and Africa to new socio-biological factors of environment during training in University	73
SIKACHEVA J.M., STAMOVA L.G., OVCHINNIKOV S.A. Level of health and adaptation of students to training in pedagogical high school	77
CHERKASOV D.V. Biochemical indicators of a salivary secret – criteria of an integrated estimation of functional condition of an organism of the students	83
TSVETAeva T.V., GULIN A.V. Dynamics of natrium, kalium electrolytes, glucose and cortizol of saliva as demonstration of metallurgists' adaptational syndrome	86
